## ISOLATED ENEMY PLANES REACH MOSCOW IN INITIAL RAID SINCE THE BEGINNING OF RUSSO-GERMAN CONFLICT

MOSCOW WAS RAIDED FOR THE FIRST TIME ON MONDAY NIGHT BY GERMAN PLANES SINCE THE START OF THE RUSSO-GERMAN WAR. More than 200 Nazi machines attempted to raid the city but only isolated planes reached the city.

While the Germans claim that heavy damage was inflicted, a report from a neutral observer in the Russian capital states that there was very little damage to Moscow when he toured the city yesterday morning, says Reuter.

Yesterday morning's communiqué from the Soviet Information Bureau states: "During last night, stubborn fighting continued in the directions of Pskov, Polotsk, Nevel, Smolensk and Novograd-Volynsk."

"In the other directions and sectors of the front, no large-scale operations took place."

## Concern About State Of British Prisoners Of War In Greece

LONDON, July 22 (BWS)—REPORTS OF CHAOTIC CONDITIONS IN GREECE AND ACUTE SCARCITY OF FOOD AMONG THE CIVILIAN POPULATION are causing concern in Britain about the state of British prisoners of war both in Greece and Crete.

The Red Cross and St. John War Organisation have, as an immediate measure, telegraphed £10,000 to the British Ambassador in Ankara and £5,000 to Dr. Brunel, representative of the International Red Cross in Greece, for the purchase of any food supplies available in Turkey and Greece to supplement prisoners' rations.

The prisoners war department of the Red Cross recently stated that as far as they could judge, about 8,000 men were taken in Greece and these have now been mostly evacuated to Germany.

### GEN. HONDA

TOKYO, July 22 (Reuter)—While the resignation of the pro-Axis Foreign Vice-Minister, Mr. Ohashi, has been accepted, Gen. Honda has been prevailed upon to withdraw his resignation as Ambassador to Nanking, according to an official announcement.

### FOOD SITUATION CRITICAL

LONDON, July 22 (BWS)—It is learned here that Italian deserters in the Wolof area—50 miles north of Gondar in Abyssinia—report that the enemy's food situation is critical but that the garrison has been ordered to fight to the last.

## U.S. To Lend Britain \$500 Million

WASHINGTON, July 22 (Reuter)—The Federal Loan Agency states that the interest and dividends from pledged securities, plus earnings assigned to the Reconstruction Finance Corporation from United States branches of 41 British insurance companies, will be adequate to amortise the entire loan by the end of the maturity period.

## DEPRIVED OF CHANCES OF BUSINESS, SAY JAPANESE

TOKYO, July 22 (Reuter)—"No business at all" was the reason given by a Government spokesman at a Press conference this morning for the evacuation of Japanese nationals from the Union of South Africa.

He pointed out the changed international situation had deprived the Japanese residents in South Africa of the chances of doing business.

"The number of hundreds, however, he added, was only 30 and not a hundred as reported by the Press."

The spokesman said the Japanese Charge d'Affaires, Mr. Yoshida and his staff of three and the Japanese Consul, Mr. Nakagawa with his staff of four would remain at Pretoria and Capetown respectively.

The collateral, which is estimated to be worth \$500,000,000, is in three categories:

Firstly, securities of 61 United States corporations listed in the New York Stock Exchange with present market value of \$205,000,000;

Secondly, unlisted securities of 46 United States corporations valued at \$115,000,000; and

Thirdly, capital stock of 41 British-owned United States insurance companies with a new value of \$180,000,000.

### OBJECT OF LOAN

The object of the loan is to provide Britain with dollar exchange without having to sell securities and investments at forced sale.

"The loan will bear three per cent interest."

The loan will mature in fifteen years and an extension of five years is provided if two-thirds of the capital had been repaid at the end of the fifteen years.

### LOAN ANNOUNCED

LONDON, July 22 (Reuter)—An American loan of \$425,000,000 to Britain to pay for war supplies

"Our aircraft continued their operations against enemy mechanised units."

"According to preliminary data, during Monday, our Air Force destroyed in air combats 32 enemy planes. We lost eight aircraft."

### "TOO HASTY"

LONDON, July 22 (BWS)—The German newspaper, FRANKFURTER ZEITUNG, which has maintained an outspoken attitude throughout the Nazi regime says: "The sectors of the front, our fortresses which we conquered suddenly resumed resistance by virtue of underground fortifications not noticed by our soldiers."

"Again and again fresh battles must be fought in territory already considered dominated by our army."

"This stubborn resistance is only explained by Bolshevik fanaticism or fear of political commissars."

"An enormous number of Russian tanks have been destroyed and our tanks are still engaged in hard battles."

The article concludes: "A great part of the Red Army has been annihilated but it still remains impossible to judge how long it will take before it is beaten."

"Only one thing is certain, and that is, Germany will fight this war against Russia to the end."

"We confess that hardships in these battles exceed anything in history and we assume increased bitter resistance and the power of the Red Army is caused by the knowledge of its leaders that last reserves in the fight."

## U.S. DRIVE FOR ALUMINIUM POTS AND PANS

NEW YORK, July 22 (Reuter)—The opening day of the drive throughout the United States for aluminium pots and pans produced a huge result.

Washington officials predict that the total will exceed 40,000,000 pounds and even suggested that 30,000,000 to 40,000,000 will be raised.

Two big piles of metal were displayed in New York in Times Square and City Hall Park, containing an amazing assortment from jelly moulds to warming pans.

## Nazi Military Camp Bombed

### EARLY RAID BY COASTAL COMMAND

LONDON, July 22 (BWS)—An Air Ministry communiqué states: "Early this morning Coastal Command aircraft bombed a German military camp and other objectives on the west coast of Denmark."

A fuller description of the attack on the German military camp on the Danish coast is given by the Air Ministry News Service.

The camp, it states, was enveloped in smoke and flames after it had been bombed before breakfast this morning by Beaufort aircraft of the Coastal Command.

### WENT DOWN LOW

"The countryside, over which we were patrolling," said the Sergeant Pilot, "seemed perfectly innocent but in the growing light, I saw what seemed to be the outline of a building. I went down low to investigate and saw I had come across a skillfully concealed camp."

"It was a peach of a target in the rays of the rising sun. I let go a stick of bombs and saw them burst. Debris shot up all over the place. Then flames appeared and spread until there was a large fire blazing."

"When we were several miles on the way home, I looked back and saw the fire still burning brightly. "Other aircraft successfully bombed the railway and pier on the Danish coast."

## WOMAN KILLED BY LORRY

A fatal traffic accident occurred yesterday when Lam Wan-sze, 33, married woman, of Nam On Fong Village, Shauiwan, was knocked down by the front left wheel of a military truck No. 5652 driven by G. Howarth, of the Royal Engineers, Wellington Barracks.

According to a Police report, the military truck was travelling along Shauiwan Road about 11.45 a.m. yesterday from Lyemun to Central, when Lam crossed the road and was struck down.

She received serious injuries and was sent to the Queen Mary Hospital, but died at 9 o'clock last night.

## Colony Blacked-out But Work On A.R.P. Tunnels Continues

A tour of the various districts on the Island revealed that last night's black-out was an improvement on Monday night—as viewed from the ground.

However, the majority of the population still did not seem to realise that the black-out actually started at sunset as witnessed by the fact that no serious attempts were made to obscure lights until well past 9 o'clock.

Bampons and junks along the waterfronts still remained bad offenders. In Shauiwan, Aberdeen and the Yau-mai Typhoon Shelter, there had been much improvement.

An eastbound tram in Shauiwan was made a target by some apparently mischievous persons, who showered a fusillade of stones and broken glass at the vehicle from a height, some being thrown into the first class compartment.

A search for the perpetrators was conducted, but no arrest was made.

Many lights were shone out from the backs of some buildings, presumably residential quarters, adjacent to the tanks of the Asiatic Petroleum Company in King's Road.

## Five Bishops In Colony

Following the consecration of the Very Rev. J. L. Wilson, as Bishop of Singapore at St. John's Cathedral yesterday afternoon, there are now five bishops in the Colony. The above group, taken after the service, shows from left to right:—Bishop Mok Shau-tsang, Bishop Wilson, Bishop Norman S. Binsted, Bishop C. T. Song and Bishop R. O. Hall—(King's Studio). Full description of the service will be found on Page 2.

## MANILA EXCITEMENT HAS DIED DOWN BUT UNDER-CURRENT OF UNCERTAINTY STILL

MANILA, July 22 (Reuter)—The excitement apparent here last week regarding the possible imminent developments in the Far East has died down considerably though necessarily there remains an under-current of uncertainty.

Such developments as the evacuation of Japanese nationals from South Africa and Tokyo's imposition today of war-time censorship and restrictions on telegrams to Japan were noted quietly.

## Defences Of India

Mr. L. S. Amery, Secretary of State for India, announced in the House of Commons that important steps are being taken to strengthen the defences of India, says Reuter.

The Executive Council of the Governor-General will be enlarged. A National Defence Council of 30 members will be set up and the members will be selected from the governments of the different provinces and states, and well-known industrialists.

Well-informed circles feel that Japan is continuing to play in the international war of reserves while simultaneously preparing a ground of for any contingency such as the possible weakening of the Soviet and Siberian forces if reserves are required on the European front.

But Japan's chief aspirations, it is felt, lie toward the south in which connexion, it is not considered that forceful action in any way is imminent because

Firstly, the Japanese Fleet is unlikely to move while the typhoon season in the South China Sea is at its height;

Secondly, Japanese shipping is widely dispersed and it would be, at least, six weeks before evacuees from South Africa reached home;

Thirdly, the new Japanese Cabinet is probably not yet quite settled down; and

Fourthly, it would be imprudent for Japan to move in any direction, North or South, unless there is a more definite indication of an outcome of the Soviet-German conflict.

## HELEN JACOBS WINS

SEABRIGHT, New Jersey, July 22 (Reuter)—Many well-known lawn tennis players figured in the 84th invitation tournament wherein the first round winners included Helen Jacobs, who beat Mrs. Coleman by 6-1, 6-0, Bobby Riggs who beat J. Moorhead by 6-1, 6-2, both winners having held American and Wimbledon titles.

Arthur Marx, son of Goucho Marx, film comedian, was also among the men winners.

## DEFENCE HIGHWAY BILL PASSED

WASHINGTON, July 22 (Reuter)—The House of Representatives has passed the \$207,000,000 Defence Highway Bill which has been sent to the Senate for consideration and amendments.

## Fatal Air Collision

### R.A.F. PLANE AND ENEMY BOMBER

LONDON, July 22 (BWS)—An Air Ministry communiqué states: "An enemy bomber collided with an R.A.F. aircraft over the Home Counties during last night. "Both aircraft were destroyed and the crews killed."

"Another R.A.F. aircraft crashed in the city of Lincoln. The occupants of the aircraft and one civilian were killed."

### FEW ENEMY PLANES

An official communiqué states: "A few enemy aircraft flew overland during the night chiefly in the coastal areas."

"Bombs were dropped at points in East Anglia, demolishing some houses in the town and causing a small number of casualties including some killed."

"A few bombs were dropped elsewhere which caused only minor damage and no casualties had been reported."

## \$25,000 FOR PLANE

LONDON, July 22 (BWS)—A British resident in the Federated Malay States who last year gave an interest-free loan of Straits \$25,000 to the Imperial Eschequer, asked that the loan be converted into a gift and was at the same time given a further \$25,000 for the purchase of a fighter plane.

The condition of the gift was that his name should remain secret.

## Mannheim Bombed

An Air Ministry communiqué yesterday states that Monday night's offensive by the R.A.F. against Western Germany was concentrated on Frankfurt and Mannheim, says Reuter.

Industrial targets and communications in both cities were heavily bombed while smaller forces of aircraft attacked the docks at Cherbourg and Ostend.

From all these operations one of our bombers is missing.

## GERMANS ARE ENCOUNTERING DIFFICULTIES IN S.E. EUROPE

ANKARA, July 22 (Reuter)—The Germans are encountering many difficulties in South-eastern Europe.

It is learned in Ankara that German anti-aircraft crews in Athens were recently involved in a serious brawl with Italian Bersagliers, resulting in many casualties necessitating hospital treatment.

Street fighting is also reported in Sofia between German and Bulgarians who accused the Germans of robbing the country of food.

Bulgaria's difficulties have been increased by the fact that she is now building 150 miles of railways linking South Serbia in Yugoslavia and Salonika in Thrace with Bulgaria.

### SHARE COST

It is reported the Germans will share the cost and supply a large part of half-a-million labourers required from prisoners, but Bulgaria's only chance of paying her share depends on the price Germany is willing to pay for Bulgarian tobacco.

It will be recalled that last year many Bulgarians destroyed the crop rather than sell at the price offered by Germany.

Bulgarian mobilisation will help supply the labour.

At Impressive Service**

**GOVERNOR WITNESS TO OATH OF  
ALLEGIANCE TO THE KING**

In a service, inspiring for its simple ceremonial and  
impressive in its purpose, and attended by a full congrega-  
tion of foreign and Chinese residents of the Colony, the  
**VERY REVEREND JOHN LEONARD WILSON, M.A., Dean**  
of St. John's Cathedral and Archdeacon of Hongkong, was  
consecrated Bishop of Singapore in St. John's Cathedral  
yesterday afternoon.

The Right Rev. Norman S. Binsted, of the Philippine  
Islands, was the Presiding Bishop and was assisted by the  
Right Rev. Ronald O. Hall, Bishop of Hongkong, the Right  
Rev. Mok Shau-tsang, Bishop of Canton, and the Right  
Rev. C. T. Song, of Chengtu, Szechuan.

His Excellency the Gover-  
nor, Sir Geoffrey Northcote,  
accompanied by Capt. S. H.  
Batty-Smith, A.D.C., was pre-  
sent and took his seat in the  
north of the Sanctuary.  
Prior to the service, His Ex-  
cellency witnessed the Oath of  
His Majesty the King  
which was taken in the  
Cathedral Hall.

Those present in the congrega-  
tion included Hon. Mr. N. L. Smith  
and Mrs. Smith, Lady MacGregor,  
Hon. Capt. A. C. Collinson, R.N.,  
Hon. Mr. J. P. Pennefather-Evans,  
Mr. Justice E. H. Williams, Dr.  
and Mrs. G. D. R. Black, Dr.  
(Miss) F. C. Woo, Dr. Arthur  
Woo, Dr. A. V. Greaves, Mr.  
E. I. Wynne-Jones, Mr. J. Owen  
Hughes, Prof. L. Forster, Mr. P. S.  
Cassidy, Miss E. Gibbins, Mrs. G.  
A. Goodban and many others.

The Chief Justice, Sir Atholl  
MacGregor, wearing full bottomed  
wig, administered the Oath of  
Allegiance to the King and the  
Oath of Due Obedience to the  
Archbishop of Canterbury.

The Cathedral choir was aug-  
mented for the occasion by the  
choirs of all Christian Churches in  
the Colony and the singing  
throughout was inspiring.

At the conclusion of the service,  
Bishop Wilson was the recipient of  
heartily congratulations from his  
colleagues, clergy and many  
friends.

## THE SERVICE

The service began with the sing-  
ing of the processional hymn No.  
180 (Songs of Praise) "Come, thou  
holy Paraclete," during which the  
choir, clergy and Assistant Bishops  
proceeded to their allotted seats.

After the hymn, Bishop Binsted  
began the Communion Service, the  
congregation kneeling.

After the Nicene Creed, the  
Chaplain conducted Bishop Hall to  
the pulpit where he preached the  
sermon.

At the conclusion of the sermon,  
the Bishop-Designate was conducted  
by the Presenting Presbyters  
(Rev. H. D. Rosenthal and Rev.  
Lee Kau-yan) to the Vestry where  
he put on his Rochet.

During his absence the Choir  
rendered the anthem, "Blessed be  
the God and Father."

On his return, the Bishop-  
Designate proceeded to the Sanc-  
tuary where he was met by Bishop  
Hall and Bishop Mok Shau-tsang  
and presented to the Presiding  
Bishop seated in his chair near  
the Holy Table. Bishop Hall and  
Bishop Mok said:—

"Most Reverend Father in God,  
we present unto you this godly and  
well-learned man to be ordained  
and consecrated Bishop."

The Bishop-Designate and his  
presentors then turned to the  
Chief Justice for the administra-  
tion of the oath.

Bishop Binsted then caused the  
Archbishop's Mandate for the Con-  
secration (dated May 8, 1941)  
to be read and the Oath of  
Canonical Obedience to be ad-  
ministered.

The Bishop-Designate then took  
his Oath of due obedience to the  
Metropolitan, being the Archbishop  
of Canterbury, after which the  
Presiding Bishop moved the con-  
gregation to pray.

The Presenting Bishops having  
returned to their former places,  
the Bishop-Designate then knelt  
on the steps in front of the Pre-  
siding Bishop's chair and remain-  
ed kneeling during the prayer.

As silence was then kept for a  
moment.

Prayers followed, the Assistant  
Bishops taking their places on each  
side of the Presiding Bishop.

While the presenting presbyters  
were assisting the Bishop-  
Designate to put on the rest of his  
episcopal habit the Choir sang an  
anthem, "Ye Priests of the Lord."

The Bishop-Designate on his re-  
turn knelt on the step in front of  
the Presiding Bishop and the "Veni  
Creator" was sung over him anti-  
phonally, the congregation kneel-  
ing.

Following prayers, the Presiding  
Bishop and Bishops present laid  
their hands upon the head of the  
elected Bishop kneeling before  
them upon his knees.

The Presiding Bishop then de-  
livered the Bible to the new  
Bishop.

## PECTORAL CROSS

The pectoral cross and the staff  
of office were presented to the  
newly-consecrated Bishop after  
which he moved to his prayer desk  
on the south side of the Sanctuary.

The Presiding Bishop then read  
the offertory sentences after which  
the collection was taken during the  
singing of the hymn, "O son of  
man, our hero strong and tender."

Then the Presiding Bishop pro-  
ceeded in the Communion Service;  
with whom the new Consecrated  
Bishop (with others) also com-  
municated.

All those who share the Chris-  
tian faith communicated with the  
bishops and clergy.

Before the Blessing, the Pres-  
iding Bishop first said two Collects  
and after the Blessing (pronounced  
by Bishop Wilson) was sung  
a Recessional hymn, "Tills of the  
North, rejoice."

The procession returned in re-  
verse order, the Presiding Bishop  
now having on his right hand the  
newly-consecrated Bishop Wilson.

## REALITY OF GOD AFFIRMED

**SERMON PREACHED  
BY BISHOP HALL**

In his sermon at the Consecra-  
tion service yesterday, Bishop Hall  
said, in part:—

This service affirms the reality  
of God. It affirms that God is  
Christ is the world's chief evidence  
that God exists. This service  
affirms his continuing kingship;  
that what he began 2,000 years  
ago goes on. The Church is the  
fellowship of the Risen Christ.

How well we who are Church-  
men know that we have this trea-  
sure of his risen life in earthen  
vessels. We Churchmen are not  
proud of the Church; but we are  
proud of the treasure that is car-  
ried in this earthen vessel. For  
the Treasure is Jesus the King, the  
Incarnate Spirit of the living God,  
tabernacling with men.

And we who are Churchmen are  
not ashamed to be concrete, Jesus  
set a child in the midst and bade  
us be childlike. Concreteness is an  
essential part of childlikeness.  
Taught by Jesus we keep away  
from the vague, the abstract, the  
superspiritual.

God was in Christ. God became  
man, human, concrete, tangible  
and tonight this service has the  
same ring. No mystic ceremonies,  
no elaborate initiation; only the

We who are ministers of Christ  
have much in common with the  
ass on which the Lord Jesus rode  
into Jerusalem. The ass in himself  
was of no account, but the Lord  
had need of him.

## A VERY LITTLE THING

In the "Stories of the Wounded"  
written by Miss Smedley for the  
appeal made yesterday to help  
disabled soldiers back to useful  
life again, there is one story which  
may help all of us here as well,  
as our beloved friend about to be  
made bishop.

Outside the dressing station sits  
a man waiting his turn to see the  
doctor. He is asked about his  
wounds. "Is there pain? Can any-  
thing be done?" He answers, "It  
is a very little thing. It is for my  
country. It is a very little thing."  
The voice dies away. His head  
falls forward. He is dead. "For  
my country—a very little thing."

The responsibility of your office,  
my brother, its publicity, its pro-

## WOUNDED PEAK CLUB GARDENER

### MAN SENTENCED AT SESSIONS

"If you people with resort to knives and biting and beastly ways of attacks you have only yourselves to blame if you get into trouble. You have been found guilty of seriously wounding a man. The sentence I pass upon you is twelve months' hard labour," said the Chief Justice, Sir Athol MacGregor, yesterday at the Criminal Sessions when LEE WING was found guilty, by a 6-1 majority, of maliciously wounding Huen Pui, No. 1 Gardener of the Peak Club, on May 4.

Mr. M. J. Abbott, Crown Counsel, assisted by Sub-Insps. J. O'Donovan prosecuted.

The jury comprised Messrs. E. S. Abraham (Foreman), Li Shu-wing, U Tat-chee, D. E. M. Demee, Chau Yu-nin, D. C. S. Alves and Kwok Wai-che.

Mr. Abbott stated that at 2.30 a.m. on May 4, complainant and his assistant, Shu Mei, were on the verandah of the Peak Club keeping a look-out for flower thieves when Shu heard a sound and saw a man cutting flowers from the pots just below them.

#### GAVE CHASE

Huen gave chase and overtook the man at a point just opposite No. 253, The Peak. In the struggle which ensued the fugitive, who was being held by Huen, bit his captor's index finger. Huen, in retaliation, struck the man with the torch he was carrying and was then stabbed with a knife.

A Chinese constable, who heard cries of "Stealing", proceeded to the scene and found Huen crawling out of the bushes badly wounded. He was sent to the Queen Mary Hospital and found to be suffering from eight wounds.

Accused was arrested on May 7 at Wanchai.

When formally charged, accused stated that Huen struck him several blows and then stabbed him at random.

In the witness box, accused said that Huen borrowed \$1.50 from him in November, 1936, and only repaid \$1.30. He got angry and began to abuse complainant.

Cross-examined by Mr. Abbott, accused denied that he bore Huen a grudge over the 20 cents.

## \$3,000,000 BONDS ISSUED BY SHAI FIRM

The Hongkong & Shanghai Banking Corporation and Messrs. Benjamin & Potts were to offer for public subscription on July 9 CN\$3,000,000 15-year 5½ per cent. debentures issued by Messrs. G. E. Marden & Co., Ltd. The price to the public has been set at 95½, says the North China Daily News.

It is understood that the debentures are being secured by a trust deed specifically hypothecating certain properties to the Yangtze Insurance Association, Ltd., who will act as trustees for the debenture holders, and a floating charge will be given on the whole of the company's assets and undertakings.

The company, as is well known, is a wholly-owned subsidiary of Messrs. Wheelock & Co., Ltd. The company made profits exceeding \$453,000 in 1938 \$622,000 in 1939 and \$985,000 in 1940, respectively, and the purpose of the issue is to provide funds for the purchase of additional godown properties.

The company repaid a previous debenture issue in December last, and it is most encouraging to Shanghai business generally that conditions should have changed so much for the better as to make financing by means of a debenture issue a practical proposition for a commercial concern after so many years of difficult conditions.

The firm prices ruling in the local debenture market make the present offer an extremely attractive one.

thanks further sum of £15,000. This magnificent gift is being added to the sums already received and being devoted to bomber squadron. I look forward with pride to the day when this squadron will go into service to bear witness to the generosity of the output of Empire whose name it will bear."

## HOT WEATHER &amp; DRESS REFORM

WITH the advent of every summer, arguments continue to be bandied about on the subject of rational dress for men during the hot weather season. The sweltering conditions under which the huge army of office workers have been labouring during the past few days have resulted in a variety of styles for office wear, but this "dress-for-comfort" brigade is sadly in a minority and it is well known that the tail-pans of the big firms frown unkindly on those who have the temerity to turn up at their desks in shorts and open-neck shirts. Some business houses, we understand even insist on their women employees wearing stockings at all times of the year—and rumour has it that, women's stockings can be more uncomfortable during the hot weather than the brief form of hosiery which men are compelled to wear to keep in the fashion. While our women folk have shown a fine disregard for convention in their summer wear, however, the coat-collar-and-tie rules not to speak of pants which reach to the ankles, continue to hold sway for male office workers in Hongkong, making their hours of duty at their desks a drawn-out misery, only to be relieved when they reach home and divest themselves of garments which have proved such a discomfort during a trying working day.

HONGKONG, however, is not the only place where this subject of rational dress for men has been agitating the minds of the people during the hot weather. A Singapore paper reports that the Rotary Club there recently dispensed with a long standing formality of dress at its weekly meeting when, following the leadership of their president, members discarded their jackets and got down to business in their shirt-sleeves. What is more interesting, however, is that the report of this incident in the Singapore newspaper tells of how Sir Andrew Caldecott, a former Governor of Hongkong and now head of the administration in Ceylon, has set the fashion for rational dress in that island by attending office in either shorts or trousers, with open-neck shirt. It is also stated that he has notified the other heads of departments that they can attend office in the same dress. Sir Andrew, the report added, is to adopt this style of dress for office, except when members of the public have an interview with him by appointment.

THE SINGAPORE paper uses this example to urge on the Government of the Straits Settlements the need for permitting more comfortable dress in Government offices during the hot weather. Indeed, the same idea might well be considered by the Government of Hongkong as well as all local business houses in the Colony. Even in London, we read, a form of dress reform has been introduced for office workers, a striking example being that

## 100 YEARS' HISTORY OF CHINA LASCARS

## Interesting Rotary Talk By Major Champkin

An interesting account of the 100 years' history of the China Lascars, an Indian Company of soldiers raised in 1841 for the defence of the new Colony of Hongkong and now, after a number of changes of regimental name through the century, known as the Hongkong-Singapore Royal Artillery, was given yesterday before the weekly (50th) meeting of the Hongkong Rotary Club by MAJOR CYRIL CHAMPKIN, R.A.

"Through a century of change the Company has had an uninterrupted and honourable record of service that has ranged from Palestine to Peking. It is the only regiment—known to us today as the Hongkong-Singapore Royal Artillery—that is, in a peculiar sense, Hongkong's own regiment of the Regular Army," Major Champkin said.

Early records refer to the China Lascars as 'Madrasis'. They were recruited from the once turbulent district in Southern India known as the Carnatic. It was not until about 30 years after the China Lascars was established that it recruited Sikhs and Punjabis. All the Indian personnel of the H.K.S.R.A. now comes from the latter province.

## UNHEALTHY LOCATION

The first Artillery Barracks in Hongkong was on the site now occupied by Victoria Barracks, overlooking Queen's Road. It was a very unhealthy location. The whole island reeked of malaria. The death rate was five times higher than in any other military station in the Empire.

One of the theories put forward at the time was that this epidemic was the result of soldiers drinking cheap "samsu" at Chinese liquor shops. A suggested preventive was the issue of free beer to the troops.

In the year of its Jubilee, 1891, the China Lascars were re-organised and formed into a Double Company of Sikhs and a Double Company of Punjabi Mussalims. The name of the unit was changed from the China Lascars to the

Hongkong Asiatic Artillery, and then to the Hongkong and Singapore Battalion Royal Garrison Artillery.

In 1900 the regiment sent a battery for service with the Allied Troops in the Boxer Rebellion.

## ACTIVE SERVICE

The last great war found the regiment again on active service against the Senussi in Egypt and against the Turks at El Masar and Bir el Magelbra, in the two battles at Gaza and in the fighting at Maghdaba and Rafah. It helped to cover the cavalry attack on Beersheba and was at the fall of Jerusalem. At the end of 1918 it returned to Hongkong, having gained nine decorations for gallant conduct in the field.

In this present War, units of the Hongkong-Singapore Royal Artillery are already actively engaged overseas. Major Champkin concluded, but this is a story that cannot yet be told. There is no dearth of recruits for service in the regiment and succeeding generations of a family claim service in the H.K.S.R.A. almost as a family heritage, eagerly awaiting in 100 villages in the Punjab the periodical visits of the recruiting officer.

Lt.-Col. R. D. Walker, M.C., thanked the speaker.

Rotarian Lam Ming-fan presided, and the only visiting Rotarian was Mr. Y. T. Tsang (Canton). Guests welcomed at the meeting were Messrs. D. L. Ballantyne, Y. K. Kan, V. R. Gordon, J. E. Witham, L. O. Davies, Lt.-Cmdr. G. S. Hugh-Jones and Mr. C. J. Livingston.

## BLACK-OUT SUMMONSES

Leung Wah, 27, shirtmaker, charged before Mr. G. T. Lowry at the Central Magistracy yesterday with breach of the black-out regulations by flashing a torchlight carelessly about at Queen's Road Central, near Duddell Street, at 9.30 p.m. on Monday night, was fined \$5 or seven days' hard labour.

## KOWLOON SUMMONSES

A number of persons, four from Yau-mat and three from Sham-shui, appeared before Mr. H. C. Macnamara at the Kowloon Magistracy yesterday when they were charged with breach of the black-out regulations by failing to put suitable screens on torchlights during the black-out exercises held on Monday and fines ranging from \$2 to \$5 were imposed.

Two persons from the Yau-mat District were similarly charged before Mr. D. J. N. Anderson and they were fined \$3 each.

the Bank of England clerks have been permitted to attend office in light-coloured clothes in substitution for the dark-coloured suits which was the rule for all employees of the bank before the war. The system of clothes rationing which has come into being in Britain has possibly made this demand for dress reform in the home country more justifiable and a slackening of the conventional rules of dress for men is said to be continuing in all spheres of life. As far as the Hongkong weather is concerned, higher temperatures are probably ahead in the days to come before the fall sets in and, if efficiency in offices is to be maintained, it is reasonable to urge that the comforts of the workers should be considered and that "Mother Grundy" prejudices and conventions against open-necked shirts and shorts be set aside during the trying summer season.

## \$17,000 TAKEN WITH TOY GUN IN SHANGHAI: TWO ARRESTS

Armed with nothing more than a tip toy pistol and a dagger, two Chinese robbers managed to make off with a loot of \$17,000 worth of watches and imitation jewellery in a raid on House No. 34, Lane 1025 Bubbling Well Road (Wha Kee Avenue), at 8.30 a.m. on July 11, but a quick-witted piece of work by the members of the Shanghai Municipal Police at Bubbling Well Station resulted in the pair being lodged behind bars within five hours and the entire stolen property recovered, reports the North China Daily News.

Unfortunately for the two robbers, they decided to seize a couple of bank deposit books together with their other loot. After noting the amount of funds available in the account, one of the robbers, probably with dreams of quick riches, made out a cheque to himself for \$9,000 and went along to the bank to cash it.

An unpleasant surprise awaited him, for a party from Bubbling Well Station was at the bank and he was immediately arrested. Information provided by the arrested man put the police on the trail of his partner. By 1 p.m. the entire case was completed.

The victims of the attempted robbery were two Chinese families residing in House No. 34. The robbers entered the house at 8.30 a.m. and after a methodical search through the first and second floors of the buildings, they finally departed at 9.55 after staying for nearly an hour and a half.

Before they left, however, the gangsters had managed thoroughly to cow the inmates with their crude weapons. Their victims they left all trussed up. It was not until 10 minutes after they had left that one of the residents was able to break from his bonds and put a call through to the police.

Mr. Yu Chun-hen, Director of the Education Department of the Overseas Affairs Commission, who arrived here recently en route to the South Sea regions to inspect overseas Chinese education there, will leave for Singapore towards the end of this month. Since his arrival here, he has been inspecting Chinese schools in the Colony. He went to Macao

## A NARROW GAP

"Let me be quite frank about it," he said. "There is still a gap in the understanding between our two countries, but at no time since 1776 has this gap been narrower. I have been thinking a great deal about this gap. A scientific friend of mine explained that it may be caused by your living in one speed of time and our living in another speed of time. You have had new experiences which makes your hearts and minds go quicker."

"In America the change has been slow, but the change which has come over American policy is most remarkable. You will, of course, still say it has taken too long. In your measure of time, you are right, but in the American measure of time you are wrong. "The change in America has been the swiftest transformation that I have ever known, but it is not your fault any more than it is our fault that we think differently."

## ALREADY IN THE WAR

"I have been asked by people here when America is coming into the war," continued Mr. Swing, "and I have answered that we are already in it. Let me explain why I say that we are already in the war."

"There are three kinds of modern war—the ideological war, the industrial war and the shooting war. The ideological war concerns the events which led to the fall of France. Next in importance is the industrial war is one of machines and the shooting war really comes into importance when ideology and machines have achieved something."

Mr. Swing declared that America's participation in the war came with the extension of protection to shipping in the Atlantic and this had been further extended by the occupation of Iceland. If Herr Hitler tried to close these shipping

routes, there would be shooting—shooting by America—and if he did not do so, the Atlantic crossing would be safe up to 800 miles.

"He has to choose between a shooting war with the United States and losing the Battle of the Atlantic," declared Mr. Swing, adding that since the last presidential campaign America had entered the industrial war with all her resources. "We have gone so far in eight months not because we had a sudden change of mind, but because the gradual change has swept us slowly forward."

## IMPRESSIONS OF LONDON

Earlier in his talk, Mr. Swing referred to his impressions of London. He declared that from what he had seen he had to change his ideas of what he thought conditions would be when he arrived.

"I know it is dangerous to generalise," went on Mr. Swing, "but it is my impression that London is a happier city than New York. It seems to me that it is infinitely more considerable. I say you are less to be pitied than any people on earth."

Mr. Swing then paid a tribute to Mr. Winston Churchill for his devotion and consideration to the country and said that he had been struck by the way in which the life of the people had been organised so that everyone had something to do and to the part which women were playing in the war.

Mr. Swing also referred to the criticisms which were made against the Government by the people. This showed the desire of the common people to be helpful to the Government. It did not mean that the people thought they could run the war better than the Prime Minister.

"It shows that they feel that they want to participate in everything that is being done. That is a proof of democracy," said Mr. Swing. "Nobody visiting this country can have any doubt that any dissatisfaction in Great Britain is not a danger, but a driving power, and that it is designed to produce a more effective effort."

## CHINESE CHAMBER PETITIONS FOR LABOUR QUOTA INCREASE

As exclusively forecast in the MALAYA TRIBUNE last month, the Singapore Chinese Chamber of Commerce has sent a petition to the Colonial Secretary, through its President, asking for an increase in the immigration quota for Chinese labourers.

The petition is contained in a resolution which the Chamber passed, in the following terms:—"That in view of the labour conditions now prevailing in Malaya, Government be asked to increase the Chinese immigration quota to 2,000 males and 2,000 females per month, irrespective of the age of the immigrants, for a trial period of one year."

The present figures are 800 males and 500 females. The petition follows a similar one presented by the Penang Chinese Chamber of Commerce.

As has been exclusively revealed by the Tribune, large employers of labour, both Asiatic and European, have declared themselves to be of the opinion that there is a definite need for more labour in this country. Estate owners and tin miners especially feel the shortage, and even on vital work the shortage is being felt. First revealed in the Colony Legislature on June 9 by Mr. F. D. Blacker, Senior Unofficial, the shortage has been unanimously endorsed by everyone.

# NAZI SUCCESSES IN RUSSIA NOT COMMENSURATE TO LOSSES IN MEN & ARMS

## Blitzkrieg Behind Schedule Despite Extravagant Claims

MOSCOW, July 22 (Reuter).—"The Germans, despite their claims that the Red Army and Air Force have been annihilated, have already long passed the assigned dates for their entry into Kiev, Leningrad and Moscow," declared M. Lozovsky, Vice-Commissar for Foreign Affairs on Monday.

The real explanation for the Nazi delay was provided in an order signed by Major-General Nehring, commanding the 18th German tank division, Lozovsky added. This order found inside a captured tank, says: "It is obvious that our losses in equipment, arms and machines have been unusually great and despite a successful advance they greatly exceed the captured trophies. Continuation of this situation is intolerable in the long run for we shall go on winning victories to our own perdition."

M. Lozovsky recalls that today marks the first calendar month of the German "blitzkrieg" against Russia. "This war will go on for many months and we can discuss the results of the first month in one of our press conferences."

### CROSS-CURRENTS

M. Lozovsky dwelt on the difference between the Nazis and their so-called Allies, stressing the cross currents of hatred and covetousness which existed between the German Rumanian, Slovak and Hungarian camps. All of them, he said, were full of internal squabbling compared with the democratic nations who were fighting unanimously without wanting to take anything from each other.

Asked whether Moscow would follow London's example of maintaining the city's normal traffic during air raid alerts, Lozovsky said that Moscow was likely to adhere to the present system of clearing the streets of people.

### MOSCOW RAID POLICY

Among the purposes of high discipline maintained in Moscow during alerts was the desire to reduce casualties to the minimum. Work in factories, however, would be continued until the imminent danger signal was given.

A warning was sounded in Moscow as soon as it was observed at the front that planes were flying in the direction of the capital. The

nearest point the German planes had got to Moscow was over 100 miles distant. Some recent warnings had only been tests.

Lozovsky doubted whether the Germans would attempt any raid on Moscow.

### GERMAN CLAIMS

LONDON, July 22 (Reuter).—"The Soviet Army have been compelled to throw in their last reserves," said a message from the official German news agency. The message also claims that the Germans are now 375 miles from the former Russo-German demarcation line and "once more the vast battle of annihilation is in progress," this time east of the Stalin Line. "We shall not allow the enemy the breathing space he so much desires."

Military commentators here point out that the penetration of 375 miles is most generously measured and would put the German advance at Smolensk which has long been admitted, and that "the throwing in of the last reserves" by the Russians would be a more convincing claim if Berlin had not thrown in the Soviets "last" reserves several times already.

It is also pointed out that the radio commentator speaking from Berlin said, "Conditions on the Soviet front are much more difficult than in France so that the required time will necessarily be longer."

## U.S. LOAN TO BRITAIN

Cont'd from Page 1

contracted for prior to the enactment of the Lease and Lend Act, was announced in the House of Commons by the Chancellor of the Exchequer, Sir Kingsley Wood, this afternoon.

"I believe that the House, with the terms of the agreement before them, will agree with me that this represents a satisfactory arrangement and once again reflects the readiness of the United States administration to extend their assistance to us."

The execution of this agreement will require legislation and the Treasury will need to retain special powers until the loan has been fully repaid, whereas the present emergency powers of the Act will, in the ordinary course, lapse for that time.

### MATTER OF URGENCY

"The Government intend to ask the House to pass the necessary legislation as a matter of urgency. The text of the Bill will be available tomorrow and the Prime Minister authorises me to say that it is proposed to ask the House to consider it and to pass it through all its stages on the fourth sitting day next week."

"Following is, inter alia, the text of the announcement in the United States: 'The Congressional securities of United States corporations listed on the New York Stock Exchange having an aggregate value of present quote prices of approximately \$205,000,000 and listed securities of United States corporations are estimated to be worth \$115,000,000 and capital. The stock of 41 British-owned United States insurance companies is estimated to have an aggregate net worth of something of \$180,000,000.'

"There will be no change in the control of management in these direct investments, including insurance companies. Their strong financial position and stability will continue unaffected."

"Funds will be available to the British as needed to meet their commitments at the approximate rates of \$100,000,000 monthly."

## Enemy Post Harassed

### BRITISH SORTIES ROUND TOBRUK

LONDON, July 22 (Reuter).—On Saturday night, says a Cairo communique, British and Indian troops carried out a further series of raids on the enemy positions around Tobruk.

These were remarkable not only for their success but for the lightness of the casualties sustained by our troops.

An attack on one enemy strong point was particularly successful, serious losses being inflicted on the enemy.

### BAYONET CHARGE

In another sector of the front, an Indian patrol was attacked by the enemy but a counter-attack with the bayonet was launched. The enemy was driven off after suffering casualties while the Indians regained the base without loss.

### GETTING THEIR OWN BACK

CAIRO, July 22 (Reuter).—Mechanised Indian cavalrymen who gallantly fought their way out from Mechili during the German advance are now "getting their own back" on the Axis forces watching Tobruk.

For the first time on Saturday, the Italians attempted counter action but the Indians dealt swiftly and successfully with superior enemy numbers who withdrew in disorder in the face of a bayonet attack.

Every British raid is estimated to have cost the enemy between 30 and 40 casualties.

## MODEL VILLAGE

CHUNGKING, July 22 (Central).—The Chinese Women's War Relief Association is rushing plans for the inauguration of a \$3,000,000 Model Village near Chungking for the benefit of disabled soldiers on August 1, the fourth anniversary day of the establishment. Since its formation in 1937 in Nanking, the Association has established branches in various parts of the country and rendered various kinds of aid to the fighting forces and their families as well as the refugees and war orphans.

## "V" Campaign Captures The Imagination Of Americans

LONDON, July 22 (Reuter).—As evidence of how Mr. Churchill's "V" campaign has caught the imagination of Americans, Mr. Alexander Stewart, father of the film star James Stewart, has erected a ten-foot aluminium painted "V" on top of Indiana County's court-house.

The sign, which hangs 300 feet over the street, is illuminated by floodlights each evening.

The Press continues to give considerable prominence to the campaign. The New York Sun yesterday in a leader says: "Now the Nazis have decided to use the letter V for victory. This German imitation is doubtless intended to confuse but it is doubtful if many will be fooled. When Europe's captive people heard the word victory or see the sign on the walls, there is no doubt in their minds whose victory is meant."

The only victory worth the name is the final victory over Nazi tyranny. What seems a cute trick may prove a boomerang for Goebbels' department."

The Christian Science Monitor on Saturday said: "Beethoven would never have been a Nazi. He would be glad to know that the motif of fate knocking at the door with which the fifth symphony opens has been turned into the motif of inevitable knocking ominously on doors and windows whenever Nazi oppressors pass by."

## INDEPENDENCE DAY OF BELGIUM

LONDON, July 22 (Reuter).—"Germany must not be in a position to flay and torture Europe once every thirty years," declared the British Foreign Minister, Mr. Anthony Eden, broadcasting to the Belgian people on Belgium's National Day of Independence on Monday.

Mr. Eden declared that twice within 50 years Belgium had to endure the "ordeal" of invasion. "This time also the final result would be the same, but this time we will not lose the peace. We will build a better world." The Belgian Army in this country was gathering its strength and awaiting the day when it could assist the whole Allied army in the war of liberation.

## BLACK-OUT

Cont'd from Page 1

tamination squads were summoned to two scenes of "bombed" areas in Yaumati and Mongkok districts.

Meanwhile, all traffic in these two districts was held up while the "bombed" areas were being cleared. The black-out on the mainland last night proved to be even more successful than on the previous night.

### TRAM COLLISION

During the black-out, two trams were involved in a collision outside the Talkoo Docks about 10.20 p.m.

No person was injured and the cars were slightly damaged.

## President Roosevelt Warns Congress To Keep Army Intact

WASHINGTON, July 22 (Reuter).—President Roosevelt yesterday asked Congress to authorise the extension of the one-year period of active service in the army for selected National Guardsmen and reservists, declaring that America was in "infinitely greater" danger than a year ago.

Unless this extension was granted the nation would be taking a grave national risk, said President Roosevelt, and disintegration of the army would be under way within two months. The responsibility for maintaining the efficiency of the army rests solely with the legislators.

President Roosevelt dramatised his request by trying an innovation—he transcribed his message on records so that his words might be broadcast.

President Roosevelt said, therefore, it would be taking a grave national risk unless Congress were to make possible the maintenance of the present full effective strength of the army during the coming year, and give training to as many additional Americans as possible.

"To weaken our army at this

## SINKING OF THE "LADY SOMERS"

### SURVIVORS PRAISE SPANISH SEAMEN

GIBRALTAR, July 22 (Reuter).—The gallantry of the crew of a Spanish ship in remaining for two hours in submarine danger area in order to rescue the crew of the British auxiliary vessel Lady Somers, was revealed by members of the crew when they arrived here, writes Reuter's Special correspondent.

They state that the Lady Somers was attacked at 2 a.m. by two submarines which fired torpedoes almost simultaneously. One hit her stern and then came to the surface but crash-dived when the ship opened fire.

### SECOND ATTACK

Five minutes later the second submarine came to the surface. The Lady Somers fired at this submarine which rose up and disappeared vertically.

As their ship was settling down, the crew of the Lady Somers took to the boats except the Captain and crew of one gun which continued firing at intervals to scare off the submarine.

Five hours later, a second torpedo struck the Lady Somers, causing a terrific explosion, but those on board were saved with the rest of the crew. They were all picked up by the Spanish tanker, Campeche.

### GAVE UP CABINS

A survivor declared: "The Spaniards could not do enough for us. They gave up their cabins for the four days we were aboard and shared everything they had. It is impossible to speak too highly of them."

The Lady Somers, of 8,194 tons, was formerly a passenger vessel belonging to the Canadian National Steamships.

## BENGHAZI, TRIPOLI RAIDED BY THE R.A.F.

CAIRO, July 22 (Reuter).—Benghazi and Tripoli were raided by the R.A.F. and Tripoli was raided by the Fleet Air Arm on Saturday night.

Details of these activities are given in the following R.A.F. Middle East communique:

"Heavy bombers of the R.A.F. continued their attacks on the harbour at Benghazi. On the night of July 19—20 bombs were dropped at the base of the Cathedral Mole, near military headquarters, Government buildings, and railway sidings. Fires and explosions were caused by a bombing attack on the previous night."

"Our bombers also attacked military objectives in Tripoli and bombs were seen exploding on the power station, blowing masonry into the air. Fighter aircraft of the R.A.F. drove off a number of bombers escorted by German fighters which attempted to attack our shipping off the North African coast."

"The aerodrome at Catania, Sicily, was bombed and machine-gunned by aircraft of the Fleet Air Arm during the night of July 18-19. Two aircraft are missing."

## Kwangtung Administrative Conference Called

General Li Hon-wan, Chairman of the Kwangtung Provincial Government, has summoned a Provincial Administrative Conference to be held at the beginning of August to discuss administrative problems on the basis of the resolutions adopted at the recent meeting of the Provincial People's Political Council.

## FACTORY BUILT IN MEMORY OF AVIATOR

One of the unique monuments ever erected in China is a factory situated on the outskirts of Kweilin which was built in memory of Chen Hwai-min, a young aviator, who, disabled in an air battle over Hankow on April 29, 1938, rammed his damaged craft against an enemy plane.

The factory erected with the government pension granted to the family of the war hero is known as the Hwai-min Experimental Machine Works. The management hopes to make every employee a shareholder and turn the factory into a training ground so that every employee has equal chance to advance to better positions.

To realise these aims the management applies co-operative principles to the finances of the factory and holds classes for the employees with the factory's engineers serving as instructors. A laboratory and a separate experimental workshop supplement the training.

The factory, besides manufacturing instruments standard weights and measures, operates an iron foundry, a machine shop and a motor car repair shop. Efforts are being exerted to improve and expand the machine shop. When fitted with the right kind of tools and machines, the management hopes to use it as nucleus for a new industrial school.

Mr. Chen Tien-ho, brother of the aviator, is manager of the factory. Working under him are young, enthusiastic overseas Chinese with practical engineering experience. (Central News).

## JAPANESE TROOPS ON THE MOVE?

PEIPING, July 22 (Reuter).—A second train was taken off the Peiping-Fusan (Korea) run yesterday afternoon. This follows the withdrawal of the crack Peiping garrison last week when it was stated that Japanese military movements were the reason.

According to railway sources here

A circular telegram has been despatched to the administrative commissioners, magistrates and other administrators throughout the province summoning them to the conference which will be held in Shikwan, while various bureaux directors and departmental heads of the Provincial Government have also been circulated to submit proposals.

It is understood that the chief items on the agenda of the forthcoming conference will be enforcement of the New Hsien Administrative System and collection of land tax in kind as decided upon at the recent National Financial Conference.

Other problems to be deliberated upon will include the readjustment of taxation, military service for the civilians, spread of education, relief, police administration and opium-suppression.

The administrative policy and the provincial budget for the next fiscal year will also be discussed; it is learned.

Considerable progress has been made in the political administration and economic reconstruction in Kwangtung during the past two years since General Li Hon-wan assumed the chairmanship of the province.

A Three-year War-time Political Administrative Programme is being carried out to co-ordinate the province's political machinery with the military situation. The programme lays special emphasis on the enforcement of the New Hsien Administrative System, regulation of food supply and emergency relief for war-refugees.

In regard to the New Hsien Administrative System, it is already enforced in 29 districts including Kukong, Tolshan and Tingsyun. Twenty six more districts including Yeungkong in southwestern Kwangtung, will also enforce it by the end of this year. (Central News).

Five further trains are likely to be withdrawn shortly. "Shipment may be abolished on the remaining night trains to double their capacity. While no official decision is given the conclusion to be drawn is obvious."

"Charter Pilot" At  
King's Today

"Charter Pilot" a gay, rollicking, thrill-packed film started its engagement today at the King's Theatre. Depicting the daring exploits of a carefree air pilot, the new 20th Century-Fox film stars Lloyd Nolan and has Lynn Bari opposite him at the head of a strong featured cast which includes Arleen Whelan and George Montgomery.

Panned at a fast and funny clip "Charter Pilot" gives Lloyd and Lynn, the screen's scrappiest sweethearts, another grand opportunity to engage in more of that hysterical and entertaining romance they did so well in "Pier 13."

Thrill is heaped on thrill in "Charter Pilot" and in a spine-twitching climax, Lloyd and Lynn stop battling each other long to overcome a sabotage plot in the skies.

## PUBLIC APPEAL TO COMMUNISTS

## Chungking Press On Recent Clash

CHUNGKING, July 22 (Reuter).—The question of Communist troops clashing with the Central Government forces is continuing to occupy the attention of Chinese circles here.

The Chinese Press unanimously stresses the importance of national unity and the maintenance of military discipline.

A public appeal to the 18th Group Army (Chinese Communist Army) was made yesterday in the influential Chinese daily, Ta Kung Pao, which declares: "Although the Communist Party has an international character, it must be remembered, in view of the latest international developments, that national and international interests are practically identical."

"Whether for the support of Soviet Russia or the protection of the Fatherland, Chinese Communists must co-operate with the Central Government."

## OWEN LATTIMORE SEES CHIANG

CHUNGKING, July 21 (Reuter).—Mr. Owen Lattimore, American personal political adviser to General Chiang Kai-shek, called on the Generalissimo yesterday afternoon and had a conversation with him for one hour.

Madame Chiang was present. Reuter learns that during the interview, Mr. Lattimore spoke in Mandarin, conducting the conversation with the Generalissimo.

## JAPAN, INDO-CHINA PARLEY OVER BASES: RETICENCE OVER SUMITA'S VISIT TO TOKYO

HANOI, July 22 (Reuter).—Members of the Japanese Mission to Tonkin were evasive and reticent regarding the import of General Sumita's recent flying visit to Tokyo. "It is not known" whether General Sumita brought back any demands regarding the utilisation of Japanese naval and air bases in Indo-China.

Colonel Saito, representative of the Mission in Saigon, is flying back tomorrow after a three-day visit and conferences with General Sumita.

The arrival of the Governor-General brought no new developments today but it is expected the Governor-General will see General Sumita very soon.

General comment here notes the meeting between Admiral Darlan and the Japanese Ambassador to Vichy and opines that the French capital is likely to be the centre of immediate developments.

## DECOUX THANKED

TOKYO, July 22 (Reuter).—Major-General Raishiro Sumita, head of the Japanese Military Mission in French Indo-China, called on the Governor-General, Admiral Decoux, yesterday afternoon (Monday), says a Hanoi despatch.

The Domei News Agency says it is understood that he "thanked Decoux for his recent action in conferring Annamite decorations on members of the Mission."

## GLOOMY FOREBODINGS

BANGKOK, July 22 (Reuter).—While experienced observers hesitate to venture an opinion on the developments in Tokyo, gloomy forebodings have come from various sources bracketing Thailand and Indo-China.

Observers hold that if Indo-China is about to become the Syria of the Far East then Thailand's position is not dissimilar from Turkey's as both are determined to safeguard their independence and maintain their neutrality.

## SPORE CONJECTURE

SINGAPORE, July 22 (Reuter).—Although there has been a temporary lull in the excitement concerning Japan's actions, well-informed observers here expect something to materialise in Indo-China shortly, writes Reuter's Chief correspondent in the Far East.

It is now felt that the departure of Admiral Decoux, Indo-China's Governor General, to Hanoi, the seat of the Japanese Military Mission, on Monday is the forerunner of some new development in Indo-China. This belief seems to be borne out by the fact that the Japanese Boundary Mission in Thailand thinks that his visit is connected with the work of the Mission.

"Indo-China is a bag soon to be opened and the cat—if there is a cat—will soon be out," one highly-placed observer commented cryptically to me today. Developments are being watched keenly but calmly by the whole of the Democratic front in the Far East.

## HITLER IN NEED OF TROOPS

## Request Made To Italy, Rumania

LONDON, July 22 (Reuter).—Hitler has asked both Italy and Rumania for more troops for use in Russia and they on their part have both asked for a definition of Hitler's objectives on that front, says the Free French agency quoting their correspondent on the French frontier.

Hitler is said to have replied that his objectives are strictly limited and that as soon as these were obtained, his advance would cease.

In any case, the message adds, "the German armies will meet beyond the Volga." Because the army of occupation required for those parts of Russia already over-run is very much greater than Berlin had expected, Italy is being asked to supply a veritable expeditionary corps amounting to about ten divisions.

## BAIT TO ANTONESCU

The Rumanians, it is reported, are being tempted to supply more men and materials with the offer of Odessa as "bait" although the Nazis are nowhere near this city; but General Antonescu, the Rumanian Premier, is reported to have turned this down because he will be quite satisfied if he can get Bessarabia again.

## AUTUMN CROP

LAHORE, July 21 (Reuter).—There has been wide-spread rain in the Punjab during the week proving beneficial to standing crops and the sowing of the autumn crop continues.

## NAZIS PLANNING NEW AGGRESSION

## Disclosure Made By Sumner Welles

WASHINGTON, July 22 (Reuter).—Germany is planning new steps of aggression against the remaining independent states of Europe. The United States had information of this, stated the Under-Secretary of State, Mr. Sumner Welles, at a Press conference yesterday, but he did not go into details.

Mr. Welles disclosed that the United States had promised full support to Bolivia in the event of an international incident arising from an alleged attempted Nazi coup in Bolivia and the expulsion order against the German Minister.

He said that in assuring Bolivia of support, he pointed out that under the existing Inter-American Agreements, the German Minister in Bolivia would also be persona non grata in the United States.

Mr. Welles referred to General Franco's sharp attack on the United States a week ago when General Franco said that American offers of economic help to Spain always involved attempts to force Spain to obey the will of other nations.

## ENTIRELY UNTRUE

Mr. Welles said that this was entirely untrue and that supplies of food and medicine that had been sent to Spain were not contingent upon any policy of the Spanish Government other than that the Spanish people should remain at peace.

Also answering General Franco's reference to the consequences of a Nazi victory upon other American republics, Mr. Welles said that the whole prosperity of the American nations had been founded upon control of the Atlantic and other seas by friendly Powers, their independence would be gravely endangered.

## Huge Conflagrations Mark R.A.F. Night Attacks On Rhineland Factories

LONDON, July 22 (Reuter).—A brilliant fire a mile long among the factories on the outskirts of Cologne was one result of the R.A.F.'s attack on the Rhineland on Sunday night.

The Air Ministry, giving details of the attack, adds that elsewhere ten other fires were burning simultaneously. The pilots saw high explosive bombs bursting in the midst of large industrial buildings already burning fiercely.

At Rotterdam there was a formidable fire among the docks. Its glow was seen from 100 miles on the way back. A pillar of dense smoke rose to 6,000 feet and a large part of the docks was on fire while flames lit up the warehouses which were in front of the smoke. At Aachen, bombs were seen to burst among the factory buildings. After these successful attacks, the whole of the large force came safely home though the Germans put up a strong barrage and night fighters were about.

DAYLIGHT ATTACKS. Daylight attacks on a factory at Lille in Northern France by the R.A.F. are reported in the following. British Air Ministry communiqué: "R.A.F. bombers escorted by strong forces of fighters today carried out attacks on a factory at Lille and on enemy shipping off the French coast. A number of enemy fighters were encountered and seven of them were destroyed. Our losses were three fighters missing."

The Air Ministry states that it is now known that eight German fighters were destroyed by British fighters in operations over the Channel and Northern France on Monday.

Describing the air fights over France, the Air Ministry News Service says that one British pilot attacked two German fighters which were immediately joined by three more. He took on all five single-handed, when one Messerschmitt blew up and another burst into flames. The remainder fled and the British pilot rejoined his squadron.

## Indigestible Frenchmen

LONDON, July 22 (Reuter).—Despite repression by the German military authorities, blowing up of military stores and disappearance of many German officers are frequent occurrences in occupied France, states the Moscow Radio.

The authorities try in vain to discover the perpetrators and the Paris Police Chief has now offered a reward of 20,000 francs to anybody who will hand over to the military authorities those responsible for the recent disaster to an army train which resulted in the death of many German officers and men.

## SORDID STORY OF QUARREL BETWEEN TWO INDIANS

What was described by Mr. M. J. Abbott, Crown Counsel, as a sordid story of a quarrel between two Indians resulting in one barely escaping with his life and the other being in the dock, was related to the Chief Justice, Sir Atholl MacGregor, and a jury comprised of Messrs. Cyril Blake (Foreman), C. C. Ham, M. T. Tye, Tu Tze-ying, Ven Kuo-pao, A. T. Chiba and U Kiu-yin, at the Criminal Sessions yesterday when AMAR SINGH was arraigned on a charge of wounding Adjit Singh with intent to cause grievous bodily harm, and, alternatively, with wounding, on June 8.

Mr. Abbott said that accused and complainant had been friends for about two years. Both were members of the Police Force, and it was the habit of complainant to spend his leave with accused.

In January, Adjit Singh found a girl in accused's room when he went there and, on inquiring, was told by accused that she was his kept woman.

During a subsequent talk, accused told complainant to go to his flat and stay with the girl. Adjit Singh did so and intimacy took place between them. Complainant visited the girl at No. 471, Reclamation Street, on a second occasion when intimacy again took place.

It was alleged by complainant, said Mr. Abbott, that the girl consented to accused's proposal that Adjit Singh contribute \$10 towards her expenses and accused the other \$10, instead of her receiving the whole \$20 agreed upon from him alone.

**ENTERED CUBICLE**  
On June 8, Adjit Singh went to No. 20, Battery Street to meet the accused, as previously arranged, and at 10 or 11 p.m. proceeded to No. 471, Reclamation Street and entered the cubicle occupied by the girl. Shortly after, accused arrived and a quarrel between the two men led to blows. After Adjit Singh had been pushed out of the flat, accused was seen going down to the rear portion of the floor and to return with a chopper in his hands.

Witnesses, said Mr. Abbott, would say that accused was then seen going to the door and moving his hand, with the chopper, as if he was striking at someone outside the door.

Adjit Singh received six blows.

Accused was taken to the Kowloon Hospital, after his arrest, where he was found to be not quite normal in his behaviour.

Defendant, in the witness box, said that if they had not been drinking that day, there would have been no trouble at all.

Hearing was then adjourned to 9.30 a.m. today.

## RESTRICTIONS MAY STIMULATE FOOD RAMP: GOVT. MUST ACT

(TRIBUNE STAFF REPORTER)

Government's decision to restrict, or prohibit the import of certain "unessential" goods has brought with it a train of mixed criticisms.

Empire-made products—like wines, ciders, beer, etc. liquors, boots, shoes, and other "luxes"—are almost taboo.

The question is being asked among circles concerned, how this restriction on imports from other parts of the British Empire, where trade must go on to help "all-out" war effort, can help stimulate the life-blood of the commerce of these countries where they come from.

Domestically, housewives and the average man in Singapore are querying: "Won't all these restrictions on daily necessities tend towards inflation locally? Will they not raise the cost of living for us?"
